Heading south on 101

Go through the town of Brookings. After you pass the Dairy Queen on the right you will go over a bridge over the Chetco River. At the end of the bridge take a right. You will be headed into the port. Take the first immediate right; you will go under the bridge. At the stop sign, you will see a sign in front of you "South Bank to the left and 101 to the right". Go to the left. You will be driving parallel to the river, go 3.5 miles. You will go over a small bridge called "Jacks Creek Bridge", you will see our quarry pit on the right. We are just over the bridge on the left. We have a red entrance gate with our sign "Freeman Rock, Inc." Follow the road to the bottom, it will veer to the right. The first building you come to is the office. The front door is behind the big glass windows.

Heading north on 101

Go through the town of Harbor. You will pass a shopping center on the right and a gas station on the left and through a stoplight. Then you will be headed into Brookings. Just about a block down there will be a bridge. Do not go over the bridge. Take a right before the bridge. You will be on South Bank and driving parallel to the river, go 3.5 miles. You will go over a small bridge called "Jacks Creek Bridge", you will see our quarry pit on the right. We are just over the bridge on the left. We have a red entrance gate with our sign "Freeman Rock, Inc." Follow the road to the bottom, it will veer to the right. The first building you come to is the office. The front door is behind the big glass windows.
